DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

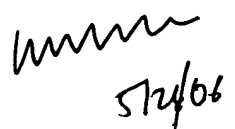

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-9 and 50-59 are rejected under 35 U.S.C. 102(b) as being anticipated by Gross et al (US 6,261,272).

Gross et al disclose an needle for bi-phasic intradermal or epidermal delivery having sharpened beveled tip (Figure 2), an end port (19) communicating with a bore (14) a penetration length less than 4.5 mm (column 7, lines 38-48), capable of having the dimensions of 30-34 gauge (column 2, lines 27-36), a side port(s) arranged opposite the bevel from 0.025mm to 3mm from the skin engaging surface (column 7, lines 38-48) having a diameter adapted for flow of between 200 and 250 mL at pressures less than 5 psi (column 8, lines 14-29 and Figure 15), and a reservoir in fluid communication with the needle (Figure 13).

Response to Arguments

2. Applicant's arguments with respect to claim 1-9 have been considered but are moot in view of the new ground(s) of rejection.
3. Applicant's arguments, see Response, filed 2/28/2006, with respect to the specification have been fully considered and are persuasive. The objection of specification has been withdrawn.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
